Stories About Missing Parts

Draw the missing cubes.

Write a subtraction sentence.

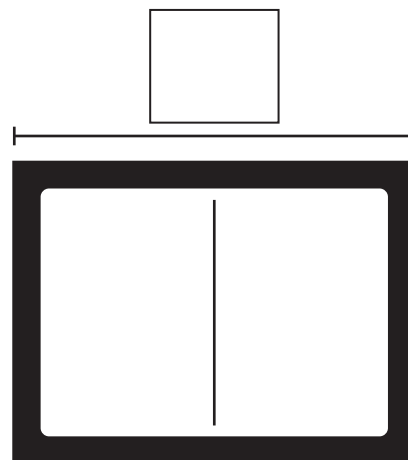

1. Sue plants 9 flowers.

Some are roses and some are daisies.

7 are roses.

How many are daisies?

$$\underline{\quad\quad} - \underline{\quad\quad} = \underline{\quad\quad}$$

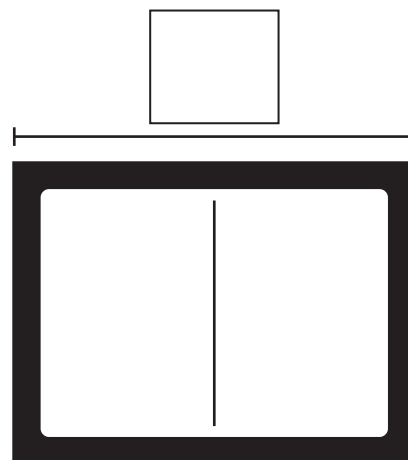

2. A friend gave Raul

1 baseball card.

Now Raul has 4 baseball cards.

How many baseball cards did he have before?

$$\underline{\quad\quad} - \underline{\quad\quad} = \underline{\quad\quad}$$

Reasoning

3. Amy has 9 shirts.

Some shirts are white and some shirts are red.

She has 2 white shirts.

How many red shirts does Amy have?

- Ⓐ 6
- Ⓑ 7
- Ⓒ 8
- Ⓓ 9
