

Thinking Addition to 12 to Subtract

Think addition to help you subtract.

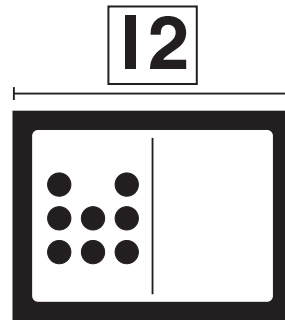

1.

Think: $4 + \underline{\quad} = 11$

So, $11 - 4 = \underline{\quad}$.

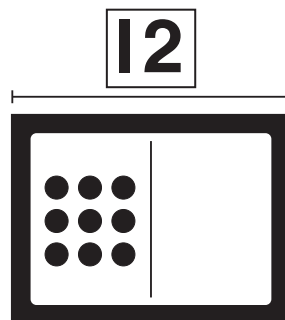

2.

Think: $8 + \underline{\quad} = 12$

So, $12 - 8 = \underline{\quad}$.

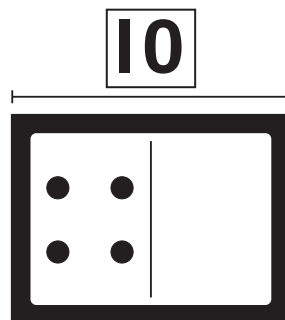

3.

Think: $9 + \underline{\quad} = 12$

So, $12 - 9 = \underline{\quad}$.

4.

Think: $4 + \underline{\quad} = 10$

So, $10 - 4 = \underline{\quad}$.

Problem Solving

5. Mark scores 6 points. Amy scores 11 points.
How many points does Mark need to tie the game?
Write a number sentence to solve.

_____  _____ = _____

_____ points
